Dear Mr. Ghosh:

On behalf of the Worldwide Responsible Accredited Production's Certification Board, it is our distinct pleasure to re-new the WRAP Certificate of Compliance for **Keya Knit Composite Ltd.** The current WRAP certification is valid for a one-year period contingent upon the facility maintaining full compliance with the global WRAP Production Principles. The Certification expires a year from the date on this letter and the facility's WRAP number is: # 11717.

As per the rules of the WRAP Certification Program, the facility may be subject to an unannounced monitoring visit by an accredited WRAP Independent Monitor during the period of certification. If your facility is selected for an unannounced visit, you must provide full access and cooperation with the WRAP selected monitor. The selection of the accredited monitor and date of the follow-up visit is exclusively authorized by the WRAP Certification Board.

We congratulate your facility for its commitment and leadership in socially responsible global manufacturing practices.

Sincerely,

Avedis H. Seferian
President & CEO
